

Pacific | Sotheby's
INTERNATIONAL REALTY

 WORLD HOUSING

I am an official Agent of Change.

As an official Agent of Change, every Pacific Sotheby's International Realty home sold will unlock a donation to World Housing, a nonprofit that gifts homes to families living in slums around the world. 100% of the donations will directly fund a community in Tijuana, Mexico, housing the most impoverished families in the region.

A new home means a new start, the beginning of a life with safety, security and stability as a foundation. What grows from there is a restoration of dignity and hope for the future. Families and communities begin to thrive, bringing up a new generation of healthy, educated and inspired leaders for their community.
